THE STRANGLERS AT THE CITY HALL.

Why Do They Refuse to Let the
People Vote on the
Merit System?

Do They Want a Money-Handling Job Twenty
Times Bigger Than the City
Hall Steal?

\$850,000 of the People's Money Goes into Some-
body's Pocket.

ORGANIZED LABOR WILL DEFEAT THE RECONSTRUCTION PLAN
IF SOME GUARANTEE OF
HONESTY IS NOT
GIVEN.

TAXPAYERS WILL BEGIN A CITI-
ZENS' NON-PARTISAN IN-
VESTIGATION TO ADVISE
CITIZENS BEFORE
THEY VOTE.

Messrs. Thuner, Gast and Kratz and His Honor, the Mayor, are again confer-
ring. They are now of the opinion that action on the refusal to submit the
merit system amendment had better be delayed. The crash of public opinion
started them yesterday at the work of strangling the amendment.

Briefly, this is the situation. Mayor Ziegenhein and his administration officers
are anxious to have the people authorize street and sewer improvements and
reconstruction to cost \$20,000,000. It has been decided that these two amend-
ments to the city charter shall be submitted to the people's vote.

The citizens have asked to have a third amendment submitted to a vote of the
people. This amendment provides that the inspectors who shall examine the ma-
terials put into this public work, the superintendents who shall supervise the con-
tractors in these public works, contemplating the outlay of \$20,000,000, shall be ex-
amined and voted competent and honest by a non-partisan commission of three
eminent citizens, appointed by the Mayor.

The legislative committee of the Council, Messrs. Thuner, Kratz and Gast, acting
with Mayor Ziegenhein, resolved to deny the people the right to vote on this
proposition.

They do not want such a commission. They insist that the appointive power
shall remain directly and solely in the hands of Mayor Ziegenhein, Julius Wur-
zburger, Chris Shawacker and the other powers of the Street Department, as at
present constituted.

The greatest non-partisan body of citizens and taxpayers that ever went to the
City Hall with a single purpose appeared before the legislative committee to de-
mand that the people be given an opportunity to vote on the proposition to have
such a commission. They represented nearly 50,000 voters.

Some represented the 30,000 men in the labor organizations. For years they
have seen their fellow-workmen, honest and especially fitted by their trades for
certain places in the city government, excluded from them to give place to in-
competent and dishonest fellows who had political pulls. They demand a change be-
fore they will vote for the expenditure of \$20,000,000 above the annual revenues of
the city.

Not a single citizen or taxpayer appeared to oppose this plan, and yet it was
agreed in a little conspiracy of officeholders and politicians to ignore the demand
and refuse to let the people vote on the amendment to the charter.

The result of this scheme, if carried out, will shake public confidence that all
the amendments will be defeated and the people will not rest until by grand jury,
and citizens' investigation committees it is made plain what is behind it all.

AN OBJECT LESSON AND AN ARGUMENT.

The new City Hall is built under the plan of supervision it is pro-
posed to continue, notwithstanding the people's demand.

Here is an object lesson. It shows how the present plan of super-
vision works to the benefit of contractors and the detriment of taxpayers:

First estimate of cost of a new City Hall, exclusive of ground.....	\$1,000,000
Estimate made by City Hall Commission on the plans submitted	\$1,150,000
First appropriation, April 29, 1890.....	\$ 268,666.66
Second appropriation, Sept. 30, 1890.....	100,000.00
Third appropriation, Aug. 28, 1891.....	100,000.00
Fourth appropriation, Aug. 12, 1892.....	150,000.00
Fifth appropriation, June 29, 1893.....	150,000.00
Sixth appropriation, July 12, 1893.....	75,000.00
Seventh appropriation, March 28, 1894.....	75,000.00
Eighth appropriation, July 3, 1894.....	80,000.00
Ninth appropriation, March 28, 1895.....	100,000.00
Tenth appropriation, July 29, 1895.....	250,000.00
Eleventh appropriation, May 5, 1897.....	155,000.00
Total to date for present incomplete building	\$1,503,666.66
Already expended and contracted for.....	\$1,488,000.00
Amount still needed to complete and furnish the new City Hall, according to estimates of the officials.....	496,333.44
cost in excess of the official estimates made in the plans.....	850,000.00

Does Mayor Ziegenhein believe that the taxpayers of St. Louis will
be the strangling of the merit system and authorize an expenditure
of \$850,000 more by the incompetents or thieves who have made
order in a public contract which only called for an outlay of
\$100,000?

PITCHED BATTLE IN GUATEMALA.

Attempt to Seize the Presiden-
cy for Morales.

HIS ADVOCATES DEFEATED.

GEN. MARROQUIN AND FIVE FOL-
LOWERS KILLED AND HIS
FORCES PUT TO FLIGHT.

HAD ATTACKED THE PALACE.

The People Clamor for Mendizabal for
President and the Crisis Over
Barrios' Successor Is
Acute.

SAN FRANCISCO, Cal., Feb. 11.—A
special from San Jose de Guatemala says
that a pitched battle had followed the
killing of Barrios. Before the body of the
late ruler had found sepulchre the factions
were flying at each other's throats, and as
a result Gen. Marroquin, the chief sup-
porter of Prospero Morales, one of the as-
pirants to the presidency, is dead and his
forces are seeking safety in flight.

It was last night that Gen. Marroquin
attempted to seize the reins of govern-
ment in favor of Morales. He made an at-
tack in force on the Palace Barracks. The
assault was vigorously resisted, and in the
fighting Gen. Marroquin and five others
were killed. Seeing that their efforts would
not prove successful the attacking forces,
consisting of 2000 men, fled from Gen.
Majera and Col. Arrevalo, head from the
city.

To-day Gen. Toledo, who has been ap-
pointed Minister of War by Manuel Es-
trada Cabrera, the President pro-tempore
of the Republic, ordered the artillery in pur-
suit of the fleeing revolutionists.

The populace and soldiers are now de-
manding that Gen. Mendizabal be pro-
claimed President. The situation is be-
coming more complicated and the crisis is
acute.

HOW BARRIOS WAS KILLED.

Caused by a Double Motive of Revenge
and Cupidity.

PANAMA, Feb. 11.—Further facts have
been received here regarding the assassina-
tion Tuesday night of President Barrios of
Guatemala. The President was walking
with five guards. The party was met by
Oscar Zollinger, a British subject. He
stepped aside, but immediately crowded in
and shot Barrios twice, once in the mouth
and once in the stomach. The President died
immediately and the assassin was shot to
death by the guards.

Zollinger had been an employee of Don Juan
Aparicio, who was killed while in prison last
September during the revolutionary out-
break. There was a reward of \$100,000 for the
death of Barrios.

KEOKUK, Ia., Feb. 11.—Mayor Joseph L.

ing L. A. Johnson to-day in the Superior
Court and was fined \$10 and costs. Johnson
was formerly janitor of the Federal build-
ing. He claimed he would be reappointed
under this administration, despite Congress-
man Clark's and Postmaster Buck's op-
position, through the influence of his uncle,
Senator Knute Nelson of Minnesota, and
Senator Gear of Iowa. Johnson threatened
the Postmaster recently for opposing him.

was badly battered up before he left.

STORM IN TEXAS.

Many Lives Said to Have Been Lost
in the State.

Special to the Post-Dispatch.
DALLAS, Tex., Feb. 11.—The storm of
yesterday and last night extended over
more than half the area of Texas. Much
aggregate damage was done, but the losses
were not great in any one locality, as the
places visited most severely are widely
separated. The wife and child of O. P.
Milton, near Quanah, in the Panhandle,
were struck by lightning and badly in-
jured. Mrs. Milton is reported crippled for
life. An Episcopal church was partly
wrecked at Cleburne. Immense damage is
reported from the pine lumber regions of
Southwest Texas. In the vicinity of Orange
and Beaumont. Report says that a num-
ber of lives were lost in the timbered re-
gions north of Orange on the Sabine River.

Sleet Damage in Nebraska.

OMAHA, Neb., Feb. 11.—Reports from
the interior of the State show much dam-
age having resulted from the extraordinary
sleet storm. Railroads have not yet re-
covered from the effects and cattlemen con-
tinue much alarmed. Everything
throughout this and adjacent States con-
tinues to be covered with a heavy coating
of ice.

KILLED BY A LIVE WIRE.

Horrible Death of a Lineman
on Broadway.

KNOCKED FROM A HIGH POLE.

HARRY LAUGHLIN SHOCKED
WHILE MENDING TELE-
PHONE WIRES IN MIDAIR.

WITNESSED BY THOUSANDS.

Tumbled to the Pavement From His
Perch on the Pole and Died in
a Few Minutes at the
Dispensary.

Harry Laughlin, a lineman employed by
the Bell Telephone Co., was shocked and
burned by a live wire, then hurled to death
from the top of a telegraph pole in full
view of thousands of pedestrians Friday
afternoon at Broadway and Pine street.
Laughlin and another lineman, E. J. Pur-
cell, were sent to repair a wire at that
corner.

Purcell climbed the pole on the north-
west corner of Broadway and Pine and
Laughlin followed him. Laughlin took his
position on a platform attached to the pole,
30 feet above the pavement, and Purcell
climbed higher and sat on a crossarm.

Passers-by noticed the men at work on
the pole and many stopped to watch them.
They had been there less than ten minutes
when Laughlin screamed. Passing pedestri-
ans looked up and saw a horrible sight.

Laughlin, his face white and contorted,
was holding to a wire with his right hand.
Through his hand was heavily gloved a
cloud of bluish white smoke was rising from
it. The deadly current was passing through
his body.

When his companion screamed Purcell
looked down. He took in the situation at a
glance.

Reaching far over he tried to catch
Laughlin's arm and wrench his hand from
the wire.

There was another scream of pain, this
time from Purcell. In passing his hand
through the network of wires he too was
shocked. In his perilous position on the
crossarm he swayed to and fro, but recover-
ed his balance in time to keep from fall-
ing.

Laughlin's death clinch on the wire grew
wider and wider until he fell over backwards.
His body turned over as he fell and
dropped headlong in the middle of the
throng of men and women.

The blood and brains were scattered over
the pavement. He breathed weakly for a
few minutes. After that there was no sign
of life.

Detective Sam Allender, who was passing
the scene, was one of the first to reach the
body. Laughlin was still alive. He was
dead when he reached the City Dispensary.

The unfortunate lineman's head was hor-
ribly crushed.
Before touching the wires Laughlin had
donned a pair of heavy gloves and a cap.
The death-dealing current burned through them
as if they had been tissue paper.

His hands were burned and a crisp where
they came in contact with the wire.

Laughlin was pushed his way through the
crowd. He gazed sadly at the prostrate
form and said:

"There's another good fellow burned out."
When he turned away tears were rolling
down his cheeks.

VESTIBULE LAW VALID.

Street Car Men Admit It, but Ask for
Delay in Adoption.

The House Committee on Legislation, of
which Delegate Madala is chairman, gave
a public hearing Friday afternoon to rep-
resentatives of the various street railway
companies on the new vestibule ordinance.

A committee, composed of Mr. McCul-
lough of the Citizens' line, Mr. Baumhoff
of the Lindell and Harry Scullin of the
Union Depot line, appeared before the leg-
islative committee and asked that the street
car lines be given three years in which to
carry out the law.

There was no fault to be found with the
vestibule ordinance, and the different com-
panies were more than willing to comply
with its provisions. Inasmuch as it was an
undertaking involving thousands of dollars,
and there were numerous inventors desirous
of making experiments on a large scale of
new vestibules, three years was little
enough time in which to make the neces-
sary arrangements.

The house committee took the matter
under advisement and will probably report
at Friday evening's session of the Assem-
bly.

HIS NOSE TORN OFF.

Explosion of a Bottle of Weiss Beer at
a Table.

By the explosion of a bottle of Weiss Beer
Friday afternoon August Enderling's nose
was torn from his face.
Enderling is a machinist and lives at 1721
North Eleventh street. At dinner he had
a bottle of Weiss beer, which he undertook
to open. Before the cork came entirely out
there was an explosion like that of a pistol
and the man fell to the floor, shrieking with
pain. His nose was hanging to his face
by a shred and his cheeks cut by the flying
glass.

Mr. Newcomb received Enderling at the
City Dispensary and took six stitches in
the severed membrane. It will grow on
again.

PREPARING FOR WAR WITH SPAIN.

The United States Senate Committee Doubles the Figures of
the House Appropriation for Defenses of the

AMERICAN AND SPANISH ARMAMENTS.

American warships have six times as many guns of the heaviest calibre and twice as many small guns as have the Spanish.

THE SPANISH GOVERNMENT HURRYING ON HER FLEET.

The De Lome Letter Has Fully Exposed the Sham of the Spanish Pretense of
Offers of Autonomy to Cuba.

The action of the United States Senate to-day in increasing the House
appropriation for coast fortifications from \$4,500,000 to \$9,000,000 may be regarded
as a preparation for war. Coupling this action with the speed Spain is making
in the completion of her war vessels, leads to but one conclusion, that a
crisis over the settlement of the war in Cuba is near at hand.

WASHINGTON, Feb. 11.—The Senate Committee on Appropriations to-day
completed consideration of the fortification appropriation bill. The committee
recommended increases which double the figures of the bill as it passed the
House. The total amount carried by the bill as agreed upon is a little over \$9,
000,000.

LONDON, Feb. 11.—A dispatch to the Standard from Glasgow says: The Span-
ish Government has requested the Clyde Bank Ship Building Co. to push Span-
ish work. The company yesterday, it is added, dispatched to Spain a high-speed
torpedo boat, fully manned by Spaniards. In addition, two torpedo boat destroy-
ers are being completed for Spain, the crews for which have arrived at Glasgow.

The thing of chief significance in connection with the De Lome letter is the
revelation that Spain and her Minister at Washington have tricked the Adminis-
tration.

Far overshadowing the contemptuous reference to the President as a "politi-
castro" stands out the fact that De Lome, and presumably the Sagasta Cabinet as
well, have all along known that the Cuban autonomy scheme was a sham—a
fraud set up to hoodwink McKinley and Congress and gain time for Spain.

The De Lome letter makes it plain that Spain has all the time relied and still
relies on the barbarous warfare in Cuba to crush the rebellion and maintain
control of the island.

Autonomy, on which so much stress has been laid by President McKinley, and
which has been so freely used to hold the hands of Congress, has at no time been
seriously regarded by Spain as a means of pacifying Cuba.

Trickery has been the chief stock in trade of Minister De Lome. The means

he adopted to prevent the humiliation of being ordered out of the United States is a
fitting sequel to his diplomatic record.

Fearing that his passports would be handed him by the State Department as
soon as the contents of the Canalejas letter became public, he forestalled the Presi-
dent by cabling his resignation to Madrid and securing its acceptance before Min-
ister Woodford had time to deliver McKinley's message to Sagasta demanding De
Lome's recall.

In the light of all this Spanish jugglery, it appears that it is now time for the
President to carry out the promise made in his message to Congress on Dec. 6,
when he declared that Spain should be given time to test the efficacy of autonomy,
and for that reason intervention at that time would be unwise. "But," said the
message, "should that step hereafter be deemed wise, as a matter of right and duty
the executive will take it."

SHOULDN'T DISRUPT RELATIONS

Premier Sagasta's View of the De Lome
Letter.

Special Cable to the Post-Dispatch.
Copyright by the Press Publishing Company, 1898.

MADRID, Feb. 11.—Premier Sagasta,
commenting upon Deputy de Lome's letter,
said to your correspondent:

"There is no possible reason why the un-
fortunate incident should alter the rela-
tions between Spain and the United States,
which are, and, we hope, will remain cor-
dial and friendly, nothing having occurred
recently to mar them."

The Queen Regent is much concerned, it
is said in court circles, over so unexpect-
ed an incident. Premier Sagasta, Colonial
Minister Moret and all the other members
of the Cabinet were astonished and much
displeased with Senor de Lome. Gen. Wood-
ford, the American Minister here, called
upon the Spanish Minister of Foreign Af-
airs, Senor Gullon, and is said to have
expressed the opinion that the affair will
not disturb the relations between the two
countries. Immediately after, Foreign Min-
ister Gullon received a cable dispatch from
Minister de Lome admitting that he had
written the objectionable letter to Senor
Canalejas and tendering his resignation and
the Council of Ministers assembled and de-
cided to accept his resignation. The Queen
Regent approved the Cabinet's action. First
Secretary du Bosle will remain in charge
of Spain's legation at Washington until a
successor to Senor de Lome is appointed.
Senor Canalejas said to your correspond-
ent:

"I never received the letter from De
Lome. It must have been stolen before
reaching me; where or how I don't know.
I was surprised to hear of the affair. I
did not expect to receive such a communi-
cation, though we were old acquaintances.
Dputy treated me very courteously in
Washington, but with the reserve naturally
called for by his position.

"I consider the incident unfortunate, but
not likely to disturb existing relations, or
cause a breach, as President McKinley al-
ready has handsomely declared that the se-
lection of a new minister is most important.
Sagasta told me that the Government
will appoint soon an experienced states-
man. I brought back from Cuba unfa-
vorable impressions regarding the econom-
ical and political conditions of the island.
It cannot be denied, however, that Cuba
will have a much better crop of tobacco this
year. The autonomists say they feel hope-
ful of the results of the new policy, but
most people in Cuba seem convinced that
the real solution of the Cuban question de-
pends on the course of the United States."

SAGASTA WAS SURPRISED.

The Premier Says He Regrets the
Spanish Minister's Folly.

MADRID, Feb. 11.—The Premier, Senor
Sagasta, said to the correspondent of the
Associated Press: "I was surprised at
Senor de Lome's letter, for in all his com-
munications, official and private, addressed
to the Government, he spoke respectfully
of President McKinley. I regret De Lome's
indiscretion and folly for he has rendered
Spain signal service at Washington."
On the question of Senor de Lome's suc-
cessor, Senor Sagasta was reticent.
According to a dispatch received here
from Havana, the letter of Senor de Lome's
to Senor Canalejas was abstracted by the
person charged to forward it to the island
and, it is added, this person received \$100,
for it.

TANNER IS FOR WAR.

The Governor of Illinois Thinks the
Murders in Cuba Should Ooze.

SPRINGFIELD, Ill., Feb. 11.—Gov. Tan-
ner, in a proclamation to-day requesting
contributions to the relief fund authorized
by President McKinley, said:
"While I approve and second the action
of the President in this regard, it is deeply
impressed upon my mind that measures of
temporary relief are but palliatives in their
nature and that while their effect is partly
good, it is also partly injurious and deplo-
rable. What is demanded at our hands, in
my judgment, is prevention, which can be
secured only by using all the influence and
power of the Government to put an end to
the civil war in Cuba, for which the time
now is fully ripe, by recognizing the
independence of the Cuban peo-
ple and insisting that the free-
dom of the island be respected throughout the
island."

FIRE LADDIES RESCUE BABIES.

Small Tenement House Blaze
Causes a Panic.

MRS. SOBOCKI IS A HEROINE.

SHE GIVES THE ALARM AND WOMEN AND CHILDREN FLEE TO SAFETY.

HENRY SMITH'S BRAVE DEED.

He Carried a Sick Woman, Nearly Suffocated With Smoke, to a Place of Safety and Lost Some Hair.

A dozen families fled in wild consternation from a fire in the three-story tenement building at 1367 North Tenth street Wednesday afternoon. Many women and children narrowly escaped with their lives.

The blaze started on the second floor and was caused by a defective fire. Mrs. Mary Sobocki gave the alarm. She discovered smoke in her front room and at first thought it was from the kitchen stove.

The woman made an heroic effort to notify her neighbors. As she ran out and mounted the stairway a black cloud blinded her. Forty people live on the third floor. Almost exhausted Mrs. Sobocki turned and descended to the yard shrieking "fire" at the top of her voice.

Frantic women with babies on their arms rushed madly into the street. Henry Smith of 1429 Blair avenue rang the fire alarm. The engines were soon on the scene.

A ladder was hoisted to a third-story window. The firemen climbed up rapidly and entered the house. They quickly emerged with three tiny infants. The mother saw them. She clasped her hands for joy. Three hundred people cheered the gallant fire laddies as they slowly stepped down with their precious burden.

On the second story Henry Smith rescued an old woman. She was lying flat on her back and was nearly suffocated. Within a few feet of her the timber was crackling. The old lady was taken to the office of Dr. E. L. Sauter, where she speedily revived. The fire was extinguished in a short time. The damage is estimated at about \$50.

The house is an old one. Several of the occupants were severely burned about the face and hands. Henry Smith's hair was singed and his right hand badly blistered.

Much excitement prevailed as the fire subsided. A report was circulated that John Werner, an aged invalid, was burned to death. He could not be found. His family was distraught. They returned to the wrecked building when the old man came tottering up the street.

TIME FOR CUBAN INTERVENTION SEEMS TO HAVE ARRIVED.

CONTINUED FROM PAGE ONE.

Minister Woodford, informing him that this Government would not be satisfied with the acceptance of De Lome's resignation, and that more drastic action must be taken. An immediate reply to this demand was required.

A second dispatch came last night from Gen. Woodford and was hurriedly taken to Judge Day's residence in a cab.

The Assistant Secretary was greatly agitated after reading it, but said that all that could be made public was that the dispatch confirmed the afternoon information as to the acceptance of De Lome's resignation.

It is believed that the dispatch reiterated the statement made in Minister Woodford's first message that the Spanish Government simply rested with the announcement that De Lome's resignation had been accepted and declined to disavow responsibility for the language used by him in referring to the President and people of the United States.

It has been the contention of the State Department from the beginning that the authorities at Madrid should disclaim responsibility for the words uttered by its representative here and declare that he alone must bear the personal blame for his assertions, the government of Spain not concurring in the sentiments expressed by him.

Refusal to make this disavowal places the Administration in a position calling for decisive action immediately. If Spain persists in maintaining this present attitude there is no alternative but the withdrawal of Gen. Woodford from Madrid and the severance of diplomatic relations.

Considerable importance is attached to the time when De Lome's resignation was accepted. If the action was taken prior to the submitting of Gen. Woodford's request for his recall, the Administration will feel more disposed to permit the matter to drop.

Passports cannot now be given Senor De Lome. His retirement from official position places him in the same relation to this government as any other foreigner residing here. The opportunity to thus secure his dismissal slipped away while a reply was awaited from Woodford.

The President is not so indignant at the expressions of De Lome as are the Administration subordinates. The whole matter has been placed in the hands of Judge Day for settlement, and the President will not interfere.

"De Lome does not seem cast down," said a member of the diplomatic corps, who had just called on the ex-Minister of Spain. "He says the effect of his resignation will be that that Liberal Ministry under Sagasta will be forced out of office almost at once. In the new Ministry he will be either the Prime Minister or the Minister of Foreign Affairs. Either position will give him the scope he needs."

"One of the most unfortunate things about this expose is that it closes the court of St. James to De Lome as effectively as it does that of Washington. His remark that 'the only object of England is that the Americans should occupy themselves with us and leave her in peace, and if there is war, so much the better—that would further remove what is threatening her—although she will fail in removing the danger,' is particularly distasteful to England just now. It gives currency to a fact that England has studiously concealed, namely, the threatening alliance now actively engaged in circling her with a wall of fire. England will never forgive De Lome for this, and will be his future enemy wherever her influence extends."

"Senor De Lome informed me that he was hastening his departure from Washington by every means."

De Lome is famous for sarcastic sayings. The latest was not intended for publication any more than his letter to Canalejas. He said to a diplomatic caller: "I really am very sorry to depart at this time. It breaks in upon an investigation I was making. I wanted to find out whether we were not by some understanding of the powers accredited to the government of Ohio. There is the remarkably able Mr. Hanna, President McKinley, Secretary Sherman and Mr. Day. Ohio certainly furnishes the Administration, and I was anxious to resolve in my mind whether they had accomplished it by annexation, conquest or purchase."

BY A CLEVER TRICK DE LOME AVOIDS THE HUMILIATION OF RECALL.

WASHINGTON, Feb. 11.—The following statement was given out for publication at the State Department this morning:

Gen. Woodford telegraphed that the Minister's resignation had been accepted before he presented the telegram from the department. He adds that the First Secretary at Washington will be placed in charge of the legation and a new Minister will be appointed at once. Full reports to follow.

It is believed here that the incident is practically closed. All sorts of rumors are in circulation last night, including one that a special Cabinet meeting was held at midnight. It can be stated positively that no Cabinet meeting, formal or informal, was held last night.

The formal notification to this Government by Spain that Senor Dupuy de Lome has ceased to represent it as Minister will be made to the State Department about noon by Senor Don Juan Dubose, First Secretary of Legation, who will act as charge d'affaires until the arrival of Senor de Lome's successor. The notification will be purely formal and will state that Senor de Lome's resignation as Minister has been accepted, and that his Government will be represented for the present by Senor Dupuy de Lome.

The retiring Minister is actively engaged in preparing his personal effects for shipment and in leaving-taking of his friends and diplomatic associates in Washington. Some of his chattels were sent to New York to-day. It is the present purpose of Senor de Lome to leave this country early next week. He probably will sail by one of the French liners to Havre and thence will proceed direct to Madrid. His connection officially with this Government has entirely ceased, and he is henceforth a private citizen.

LITTLE HOPE OF RECOVERY.

Judge Macfarlane's Condition
Is Critical.

FAMILY IS AT HIS BEDSIDE.

HAS NOT RALLIED FROM THE SHOCK FOLLOWING A SURGICAL OPERATION.

APPENDICITIS DEVELOPED.

Chief Justice of Division No. 2 of the State Supreme Court and One of the Ablest Jurists in the West.

Judge George B. Macfarlane of the Supreme Court of Missouri had not rallied from the shock of the surgical operation performed upon him at St. Luke's Hospital Thursday night, and grave apprehensions were expressed by his friends over the termination of the case.

The operation was decided upon late in the afternoon. Dr. Mudd, who is the consultant of his patient, demanded it as a last hope. It was performed at 9 o'clock in the

evening, the Judge being in the operating room less than one hour. The existence of appendicitis was fully shown, complicated by kidney trouble, which tends to aggravate the malady.

The Judge remained semi-conscious during the night, under the influence of opiates. Friday morning his mind was clear and he was able to converse with his family and friends. He was able to get up and walk about the room, and he was able to eat and drink.

Judge Macfarlane's age and delicate frame are somewhat against him. He was born in 1837 in Callaway County, Mo., without in the State Capital. He attended the Richmond Academy and Westminster College at Fulton, taught school and worked on his father's farm. In 1861 he began the study of law at St. Louis, and was admitted to the bar in 1864.

Judge Macfarlane was nominated and elected for a term of 10 years, to expire on the 15th of May, 1892. He was re-elected for a second term of 10 years, to expire on the 15th of May, 1897. He was re-elected for a third term of 10 years, to expire on the 15th of May, 1902.

COLLIDED WITH A STREET CAR WHILE GOING TO A FIRE.

THROWN UNDER THE WRECK.

J. GUINNEY, DRIVER OF A DEPARTMENT FUEL WAGON FOR FIFTEEN YEARS.

FRONT OF THE CAR SMASHED.

GUINNEY DROVE HIS HORSES AT FULL SPEED INTO A TROLLEY CAR AT SIXTH AND GRATIOT.

J. Guinney, driver of fuel wagon No. 2 of the Fire Department, was fatally injured Friday afternoon while driving to a fire.

The accident resulted from a collision between the wagon and a car of the South-Central Electric Line at Sixth and Gratiot streets.

There had been an alarm of fire from Fourteenth and Gratiot streets. The company of Twenty-second, at Second and Plum streets, responded quickly, and wagon No. 2 followed in its wake with a load of fuel to feed the engine.

Driver Guinney was pushing his horses forward at a lively gait down Gratiot, and just as he left Broadway the race became a foot race, and being found faithful the fire vehicles had all passed, let his car bound forward to make up for lost time.

Car and wagon came together with a crash and grinding sound. The wagon was overturned and Driver Guinney thrown into the street and buried beneath the coal and the wreck. Kindly hands soon rescued Guinney from his position, but his wounds were mortal. His skull was crushed, his brain broken and his body covered with cuts and bruises. He was shortly removed to the City Hospital, and died at 2:30.

Driver Guinney was 45 years old, and has been with the Fire Department 15 years, doing heroic service, and being found faithful every duty. He lives at 313 South Second street.

J. G. Hilton is the motorman of car No. 20, and W. Becker is the conductor. Hilton says he supposed the engines and wagons had all passed, and he was making up for lost time. The front of the car was smashed and the motorman slightly hurt by flying pieces of coal.

BOILER'S BOTTOM FELL OUT.

Woman Deluged With Scalding Water and Disabled for Life.

Scalded from head to foot and disfigured for life, Mary McIntire of 211 Chestnut street was received at the City Dispensary Friday afternoon.

The woman had placed a boiler of water on the stove at her home to do some washing. When it had been sufficiently heated she lifted off the boiler, but as she raised it above her head the bottom fell out, deluging her with its scalding contents.

She was taken to the dispensary, while in great agony and there Dr. Newcomb applied the usual remedies. He says the unfortunate woman may recover from the burns, but she will be disfigured.

MILLS GETS TEN YEARS.

Jury Out All Night, but Favored Conviction.

Herbert E. Mills was convicted of forgery in Judge Zachritz's court Friday morning and was sentenced to 10 years in the Penitentiary.

Jury was out all night. Mr. Bishop, for the defense, asked Judge Zachritz to instruct the jury that if any one disagrees with the verdict he could say so after the verdict was rendered. The judge refused to do this, but he polled the jurors, and each one assented to the verdict.

SENTIMENTS OF DAVID KREYLING, WHO REPRESENTS AN ARMY.

David Kreyling, one of the prime movers in securing the 20,000 signatures to the people's petition, is in Illinois. His chief aid in the work and close friend, Secretary Reed, is in St. Louis. Kreyling speaks for him with authority as follows:

Mr. Kreyling was indefatigable in his efforts to have the merit system brought before the people and I speak his sentiments when I denounce the strangling plan of the legislative committee. That is the position of the official head of the Central Trades and Labor Union, an organization that has affiliated with it over 20,000 laboring men. As president, Mr. Kreyling speaks for a host of laboring men.

thrust? We demand that the people be heard. M. B. DAVENPORT, Secretary of Carpenters' District Council.

OWEN MILLER'S WARNING. The people must be heard upon the merit system. No committee of legislators should be permitted to turn a deaf ear to the demands of 20,000 persons, who, knowing what they do, attach their signatures to a petition.

It is known that under the present regime officers for favorites have been created at will. With \$20,000,000 to be expended what assurance have the people that the money will be honestly expended for the benefit of the people? The intent of the amendment is good and would be a vast improvement over the present system.

I shall not attempt to discuss the merits of civil service. The public is divided there, but all seek enlightenment, and after a campaign of enlightenment the verdict of the majority should be taken and respected. If the people want it they should have it. It is the duty of the legislative committee now in session to permit the public sentiment to be tested.

Mr. Messrs. Thum, Gaet and Kratz persist in their policy to throttle the popular voice. I can promise the 20,000 members of the trades union in its street improvement movement.

OWEN MILLER, Secretary Musicians' Mutual Benefit Association.

SPOILSMEN MUST GO. I am in favor of the people deciding this question, and if a few politicians choke the public sentiment I shall do what I can to have the workmen down the scheme to spend \$30,000,000 upon our streets and sewers. I believe that no man should hold an office that he is not capable of filling, and especially when so much of the people's money is at stake. There has been nothing substantial in recent years. The public demand must be heeded. The time is at hand when spoliars should be turned down forever.

MEN—AS A RULE—ARE VERY CLOSE OBSERVERS

—Especially when it comes to clothing values. They appreciate beautiful fabrics—they insist upon the latest and most approved styles—they have a keen eye for all those niceties of workmanship and finish that characterize the superb garments that we now offer you in Dump Sale No. 6. The volume of trade that has swept through the store ever since this sale started has been remarkable—still so tremendous was its stock—that assortments are still fairly complete—making the choosing easy.

We are weighing our words and know whereof we speak when we tell you that the prices we are now quoting are the lowest ever named in connection with prime, up-to-date, trustworthy merchandise. But we are determined not a dollar's worth of this season's goods shall be carried over. Everything must go—at some price—but go—it must.

Men's Very Finest Suits—Very Finest Overcoats

In the entire house—now recklessly, unceremoniously dumped to the small price of.....

RATHER than carry over a dollar's worth of this season's goods we make this sweeping offer. The suits come in the finest qualities of Cheviots, Cashmeres, Thibets and Fancy Worsteds, in all prevailing styles in single and double-breasted sacks and cut-away frocks—the overcoats come in swell Kerseys, Beavers, Meltons and Covert Cloths—all handsomely lined and perfect fitting. A finer assortment never graced the counters of any clothing store in America. We reserve nothing but the highest price Clay Suits—Everything else—without further exception or reservation is yours for a \$10 bill.

MEN'S \$10.00 AND \$12.00 SUITS AND OVERCOATS ARE DUMPED TO..... **\$7.15**

The suits come in single and double-breasted sack styles—in strictly all-wool Cheviots and Cashmeres. Overcoats in black and blue Kerseys and Beavers. Your size is here.

MEN'S \$7.00 AND \$8.00 SUITS AND OVERCOATS ARE DUMPED TO..... **\$4.65**

These are good, substantially made garments—neat and desirable fabrics—and will be a surprise to many men who never thought so small a sum could buy so much clothing goodness.

MEN'S SACK SUITS—THAT WERE \$6.00—NOW DUMPED TO..... **\$3.65**

We have several hundred of these Suits in medium and dark shades. The heavy selling has broken the run of sizes—but your size is probably in the lot. Worth trying anyway.

MEN'S \$3.50 AND \$4.00 PANTS—HAVE NOW BEEN DUMPED TO..... **\$2.45**

Very neat patterns—desirable fabrics—correctly cut and perfect fitting. When prices are down, that's the time to buy, and merchandise has never sold at a lower price than we're naming in this great sale.

CHOICE OF THE FINEST MEN'S PANTS IN THE HOUSE..... **\$4.00**

MCKINLEY CANNOT COME.

However, His Friend, Foraker, May Deliver the Memorial Oration.

Previous memorial day engagements prevent President McKinley from coming to St. Louis on invitation of Grand Army posts. Senator J. B. Foraker, the President's next friend, will be invited to deliver the memorial oration.

STEVENSON'S QUEER RULING.

It Frees Peace Disturbers and Establishes a Precedent.

Judge Stevenson rendered a remarkable decision in four peace disturbance cases Wednesday.

John Kinney, Charles Golden, John Hogan and Frank Station were having a riotous time in a saloon at Fifteenth and Wash streets when Patrolmen Bacon and Haggerty appeared.

Golden shot Kinney through the mouth. Saloonkeeper Charles Hohn says Kinney provoked the shooting, as he made a terrific assault on Golden with a soda bottle. The wound was not serious. Kinney secured a warrant against Golden, charging him with assault to kill.

The four men were arraigned in the Second District Police Court Friday charged with a breach of the peace. Judge Stevenson said: "These men cannot be tried here, as Kinney has secured a warrant against Golden that puts the defendants beyond my jurisdiction."

The point was urged by City Attorney Dodge that the Court of Criminal Correction would try only the assault to kill cases against Golden and the other prisoners would go scot free. Judge Stevenson persisted that his contention was correct and the men were discharged.

This ruling virtually means that where a hundred men are arrested for disturbing the peace, and one case is transferred to the Court of Criminal Correction Judge Stevenson will release the 99 other offenders regardless of the upper court has no authority to try common disturbances.

A VEGETABLE DANCE.

How the Misses Hewitt of New York Will Entertain.

NEW YORK, Feb. 11.—The Misses Hewitt will give a vegetable dance next Thursday night and the 400 are mildly excited over the prospect of disgusting themselves as turnips, carrots, bunches of asparagus and so forth. Abram S. Hewitt's daughters plied for novelty. Instead of turning to the plantations, to the music hall, or to medieval Italy, they have boldly sought inspiration from rural social customs, and Fifth avenue will loyally bedeck itself in the blameless trappings of a rustic church fair.

Each of the guests is to be the revel will be expected to impersonate a vegetable, and as 150 guests have been invited it may be readily conceived that the green grocer's list of wares will be exhaustively duplicated. Some will appear as onions, potatoes, tomatoes, ears of corn, pumpkins, squashes, beets, and other homely accessories of the roast and the boiler. It is rumored that some novel features of entertainment are being prepared, especially with regard to the supper.

THEY ELOPED AND WERE MARRIED.

CORA ST. TLEMEYER LEFT FOR SCHOOL, SHE SAID, AND LATER SENT WORD HOME OF HER MARRIAGE.

She who was Miss Cora Stolemeyer is now Mrs. James R. Coffey, and there isn't a happier bride in St. Louis, even if her parents are not pleased at the wedding. When Miss Cora left the home of her father, Benjamin F. Stolemeyer, at 336 Wash street, Tuesday morning, it was thought she was going to school. About the same time Mr. Coffey left his boarding place at 1908 Wash street, and they met at a corner agreed upon. They had dinner with Mr. and Mrs. Will Reicholdt at 1120 Tower Grove avenue, and then, accompanied by their host and hostess, they went to the Tower Grove Baptist Church and were married by the Rev. Mr. Sturgeon.

The parents of the bride heard the news unofficially and were furious at the action of their daughter. When a friend carried the message to Mr. Stolemeyer, which read: "Dear Dad—We are married; forgive us—Cora," the messenger was informed curtly that there was no answer. There have yet been no signs of parental relenting. Thursday Mrs. Coffey received a brief note from her parents to the effect that she might come home and get her clothes, but Mrs. Coffey replied that her wife did not need her old clothes and that she would never be in need of them. Mr. and Mrs. Coffey are now making their home on Tower Grove avenue.

Mrs. Coffey is just 18 years old and her husband is 22. He comes of a prominent family of Columbia, Mo., and has been living in St. Louis three years. He met his bride soon after he came to the city in rather an informal way, having introduced himself after seeing her repeatedly from the window of his lodgings, which were then directly across the street from Miss Stolemeyer's home. Mr. Coffey is employed by the Beckhold Printing Co. at 215

Barred From His Own Peanut Stand.

There is a woman in the peanut stand at Haylin's Theater, Louis Sinopulo says he bought the stand of George Coy. Coy refused to allow Sinopulo to work there, a writ of replevin. Mrs. Coy, in charge, turned the stand over to Sinopulo. She kept a key.

Next night Sinopulo went to supper. When he came back Mrs. Sinopulo was selling peanuts. She said her husband had sold her the stand before the writ was issued.

DR. JACOBS AND MISS SWINHART WENT TO ST. CHARLES, WHERE THEY WERE MADE MAN AND WIFE.

Dr. Alexander C. Jacobs and Miss Susie Comfort Swinhart, both well known in North St. Louis, eloped to St. Charles on Thursday and were married in record-breaking time.

Miss Swinhart left her home at 2834 Maffitt avenue Thursday morning, saying she was going shopping. As she is an inveterate shopper her mother and sisters did not suspect her real purpose.

Dr. Jacobs left his home at 2306 North Spring avenue about the same time, to "make a call."

The couple met at an appointed place and took a train for St. Charles, arriving there at noon. They hurried to the Recorder's office and got a license. Rev. Ferguson was waiting for them at the Hoffman House, and 10 minutes after they got the license they were married.

When they returned to St. Louis they went to their respective homes and said nothing.

Dr. Jacobs was nervous when a Post-Dispatch reporter saw him Friday morning. He had nothing to say, nothing at all," he said as he hurriedly closed the door. The doctor is a young man with bushy blonde hair.

At the Swinhart residence a handsome brunette opened the door. Another handsome brunette looked over her shoulder. "Miss Swinhart lives here," said the young woman who opened the door. "But I don't know anything about any wedding."

"How long has Miss Swinhart known Dr. Jacobs?"

"I can't say," said the handsome brunette. She talked evasively for a few minutes, then said:

"Now, I can't give you any information. I've been told not to say anything about this. That's all I can tell you."

"Why Susie," said the other handsome brunette, "the way you went on and on, it's just like a puzzle."

"Mrs. Dr. Jacobs looked as if she had said something she didn't mean to say and closed the door."

Dr. Jacobs and his bride have known each other four years, according to members of the bride's family.

CITY HOSPITAL THEIR LAST HOME.

MR. AND MRS. SAYERS IN THE HOSPITAL.

Barney Sayers and his wife, Elizabeth, aged 77 and 78 years, were removed to the City Hospital Thursday from their home at 400 North Second street.

For years they have lived all alone. Their children have grown up and are scattered all over the civilized world. Old age, with its accompanying ailments, has crept on the venerable couple, and now, in their second childhood, penniless and unable to care for themselves, they both become inmates of a charitable institution at the same time.

Sayers was assigned to division No. 2, where he sits and mopes over his past. His wife, whose mind is almost a blank, sits motionless in division No. 2 and speaks only when spoken to, and then her answers are only partially intelligible.

Sayers' memory is good and he possesses much of his native wit. "I came here," he said, "because I am so poor I could no longer care for myself or my wife. I am so poor that if all of St. Louis were offered for sale for a nickel I could not buy the meanest alley."

"I was born in Dublin and always wanted to become a soldier. I had to become the valet of an Irish gentleman who entered the army. When I became of age I enlisted in the ranks. I was in the Kaffir war in South Africa in 1886 and in the Crimean war later. I was wounded and was honorably discharged."

"I came here and served during the civil war. At the close I located on a farm near Charleston, S. C. Later I came to St. Louis and worked in the rolling mills. When I could not stand such work I did lighter work. The last work I did was to dig graves in Calvary Cemetery."
